WORK EXPERIENCE

Support Escalation Engineer Microsoft

07/2018 - Present

Achievements/Tasks

- As part of the Azure App Services team, the responsibilities included working directly with our customers to provide support for any issues they encountered related to App Service.
- Supported our customers on any issues related to Azure Spring Cloud (managed offering for running Spring Boot microservices, leverages Azure Kubernetes Services).
- Developing internal diagnostic tools to make troubleshooting efficient. (mostly using an internal tool based on C#)
- Awarded "Ace Award" 3 times (2 individual, 1 team level) for the impact/contributions.

Senior Systems Engineer Infosys Ltd.

12/2015 - 07/2018

Achievements/Tasks

- First 6 months - Training in Python and JEE + Hibernate.
- Worked as a Middleware Administrator since May 2016. The client was Citizens Bank, which is 22nd largest bank in the United States.
- Patching middleware components in all environments (including Production). Deploying applications in Websphere Application Server. Troubleshooting issues that get generated via ticketing tool HP ITSM. Vulnerability fixes on middleware components. Automation of daily activities using Jython in WAS.

Qualified GATE - 2015. (AIR- 3101)

Subject- Computer Science

Gold Merit Certificate in 4th National Cyber Olympiad (AIR- 478).

PERSONAL PROJECTS

Personal Blogs (11/2019 - Present)

- Blog using GitHub Pages for general technical information: <https://gkgaurav31.github.io/blog/> (Uses Jekyll).
- Personal blog for Azure Spring Apps: <https://gkgaurav31.github.io/azure-spring-cloud/> (Uses Jekyll).
- Algorithms/Coding: gkgaurav31.github.io.

Case ID extractor WebApp (01/2021 - 01/2021)

- Simple web app to extract a case ID using regex. (Using Spring Boot and thymeleaf) <https://getcaseid.azurewebsites.net/>

Static Website using Lambda in AWS (01/2018 - 02/2018)

- This mini-project consists of a highly scalable static website created using Lambda Service in AWS. The website uses a trigger driven procedure to simulate a To-do list. In the back-end, data is sent/received to/from Dynamo DB.

INTERESTS

I enjoy singing. I have pursued Senior Diploma in Vocal Music. My team was the winner at zonal-level inter-DPS Indian Semi-Classical Vocal Music Competition - 2010.

I am also into photo editing (using Adobe Photoshop).
